OUR PRACTICE

New Disable Car Space

We noticed how hard it was for anyone using the disable car space to open their doors when another car was parked next to them. So we decided to do something about it.

New Disable Car Space

This Disable car space is double the size it was. Now you can park in the middle of the bay and open both car doors.

New Drop off Zone

After creating the double Disable car space, we needed to re-do the painting. This gave us an extra car space (so-to-speak). This new space can be used for:

- ✓ Dropping off patients
- ✓ Picking up a script
- ✓ Dropping off something to QML

This space is not for regular parking, a quick in & out only.

Improvements

We hope the Improvements we have made to our Practice will benefit you all.

Monthly Events

March 2016:

6 Clean up Australia

10 World Kidney Day
