COVID – 19 Vaccines

The importance of credible information

Australians are encouraged to rely on reputable sources of information to help them make informed choices and stay up-to-date on the latest information about COVID-19 vaccines.

With new vaccine developments every day, it's normal to have questions or concerns, and possibly feel hesitant about getting a vaccine. This is a new vaccination program and these are new vaccines.

Sometimes it's hard to tell misunderstandings or false information apart from facts.

Go to:

<https://www.health.gov.au/initiatives-and-programs/covid-19-vaccines/is-it-true>

to get all the up-to-date information.
